Baseball Team To Be Organized; Church To Form Adult Choir

By Bernice T. Hiser

Members of the Hazard Community Church are planning to organize a baseball team and form an adult choir.

Shirley Robinson, who has been active in church work, is the driving force behind the baseball team. She has already secured uniforms and is now looking for players.

The choir, which will be formed by the church, is also in the planning stages. It is expected to be organized soon.

IN APPRECIATION

We, the family of the late Mrs. Joan Cornett Hampton, wish to express our deep gratitude for the many kindnesses extended to us by all the friends and neighbors who have helped us in every way during these trying days. Also, many of you were kind enough to remember our Joan's little infant daughter, Kathy "Red" Hampton, with many useful gifts for her baby days. For this thoughtfulness to, we are most grateful. We consider each act of kindness a fitting memorial of our Joan, who made every acquaintance a friend on this earth. We'll always treasure your kind thoughts and deeds. Sincerely, Mark Hampton Mrs. Agnes Cornett and family E.6:14.p.

When the "Little Red Schoolhouse" becomes...

Total-Electric... Everybody benefits

Low-cost electricity is the ambition of every progressive electric utility company. As customers use more electricity new advanced more efficient power producing facilities can be built—and

such facilities help make possible lower electric rates. It is this cycle of low rates that leads to greater use, to greater efficiency and to still lower rates.

We have just announced another series of rate reductions of more than \$216,700. Such reductions over the past three years have meant savings to our customers of over \$497,200.

TOTAL-ELECTRIC SCHOOLS ARE THE BIGGEST BARGAIN IN ANY COMMUNITY'S EDUCATIONAL BUDGET

Of special significance in our latest rate reductions is one cent per kilowatt-hour electricity for Total-Electric public and parochial schools. We are especially proud of this low rate be-

cause it helps offset the increasing costs faced by schools today. School administrators are now finding that Total-Electric schools cost less to build, to finance, to maintain, to ex-

pand and to operate. These advantages mean that those who foot the educational bills—including all taxpayers—get more for their money.

OUR POLICY IS TO REDUCE RATES WHENEVER POSSIBLE

We believe our policy of reducing rates—and of holding the line on costs—has a strong economic impact on the area we serve. It stimulates growth, helps provide jobs for people and contrib-

utes to raising the standard of living. We are dedicated to the objective of providing superior electric service at the lowest possible cost. This dedication has made the American Electric

Power System, of which Kentucky Power Company is a part, the largest investor-owned electric power producer in the United States.

Women Winners At Wheelwright

A Hazard sextet, playing Wednesday at Wheelwright Country Club in June competition of the East Kentucky Ladies Golf Association, was strictly "on key." The "swingin'" group brought home almost everything but the clubhouse with their scoring honors.

Making the trip were Gene Carter, Joanne Jane, Sharon Ketter, Mrs. Peyton Mitchell, Mrs. Charles C. Rutledge, Mrs. Jean C. Lewis and Mrs. Joe W. Duncan. They brought home EKLGA's most sought-after trophy, the low gross team cup, as well as individual low gross prize and a set of longer tees.

The team cup was won by the six scorers tallied by Carter, Ketter, Mitchell and Duncan. Their scores were 101, 102, 103 and 104. The individual prizes were won by Carter, Ketter, Mitchell and Duncan. Their scores were 101, 102, 103 and 104.

Miss Jean Mcintosh, president of the ladies of Hazard, said today that she was extremely proud of the showing made by our fine representatives at Wheelwright. Next month Hazard women will play host to the East Kentucky Ladies Golf Association. The date is July 14.

A member of the Hazard Golf Club, Mrs. Jean Shogren, is presently serving as vice president of the EKLGA. She is also the president of the Hazard Golf Club.

The ladies of Hazard Golf Club are planning to play at the Hazard Golf Club on Saturday, June 19. The date is July 14.

M. C. Napier High School Students Choose Summer Projects From Eight Divisions, Including Food And Child Care

The Vocational Home Economics program improves personal, home and family living for M. C. Napier students.

For many years Home Economics has been a part of the M. C. Napier curriculum. The program is designed to help students develop skills in home management, child care, and food preparation.

The program is divided into eight divisions: Food, Child Care, Home Management, Personal Improvement, Family Relations, Health, Cinema Drive-In, and Theatre.

Students in the Food division learn how to prepare meals for their families. They also learn about nutrition and food safety.

Students in the Child Care division learn how to care for children. They also learn about child development and behavior.

Students in the Home Management division learn how to manage a household. They also learn about budgeting and home maintenance.

Students in the Personal Improvement division learn how to improve themselves. They also learn about personal hygiene and self-discipline.

Students in the Family Relations division learn how to get along with their families. They also learn about family values and traditions.

Students in the Health division learn how to stay healthy. They also learn about physical fitness and mental health.

Students in the Cinema Drive-In division learn how to enjoy movies. They also learn about movie history and criticism.

Students in the Theatre division learn how to act. They also learn about stage production and theater history.

The program is supervised by Mrs. J. H. Smith. She is the Home Economics teacher at M. C. Napier High School.

The program is designed to help students develop skills in home management, child care, and food preparation.
